

CL280 Side Fixing Vertical

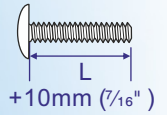

a side-fixing version of the CL201 nylon cleat

- Available in Black and Dark red, with countersunk or hexagon fixing holes.
- Dark red, with hexagonal fixing holes is designed for through-bolting onto partitions, for holding ropes for Pig enrichment toys.
- Can be disinfected, sterilised and steam cleaned.
- Outdoor grade nylon for a long life.

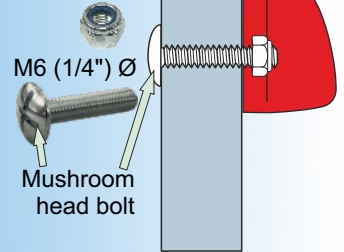

Full Size

400kg
850lb
max.

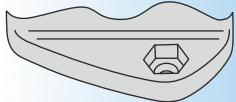

Fixing
CL280H
to a wall or
partition

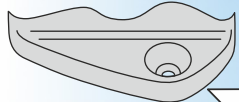

Holds all types of natural and synthetic ropes, both braided and 3 strand.

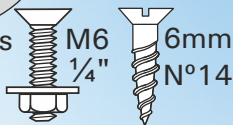

Side fixing holes mean your hands are away from any sharp edges on fixing bolts.

CL280Hex has hexagonal fixing holes that hold (1/4") nuts.

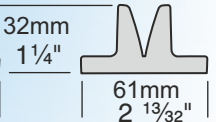

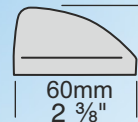

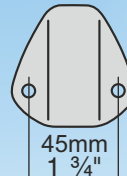

CL280Csk has countersunk fixing holes.

6 - 12mm Ø
(1/4" - 1/2") Ø
