

Printing instructions for Posters and Display cards.

The same PDF file can be printed at different sizes by following these instructions.
 The large size should be printed on a wide format printer, on A3 or Tabloid (11"x17") paper.
 The smaller sizes are printed on A4 or letter (8.5"x11") paper.

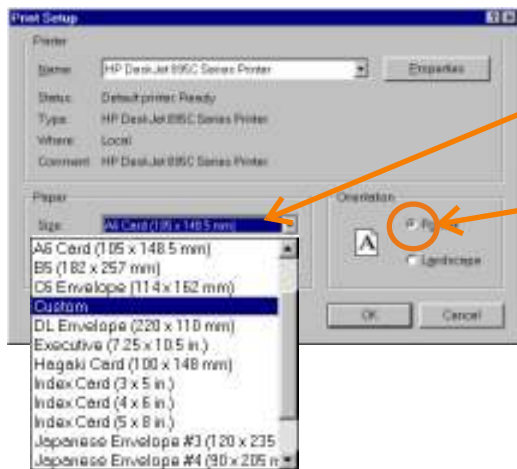

Apple MAC. in Acrobat, select File, Page Setup:

- Large: Paper size = A3 or Tabloid (11"x17")
Scale = 100%
- Medium: Paper size = A4 or letter (8.5"x11")
Scale = 100%
- Small: Paper size = A4 or letter (8.5"x11")
Scale = 50%

By experimenting with Scale %, you can print different sized posters on standard paper.

PCs. in all Acrobat versions, select File, Page Setup:

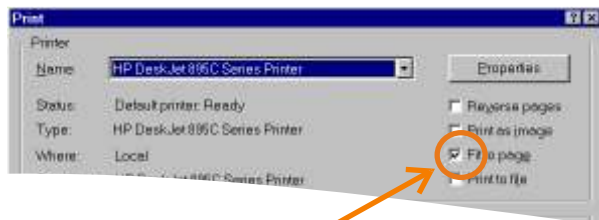

All Sizes: Orientation = Landscape.

- Large: Paper size = A3 or Tabloid (11"x17")
- Medium: Paper size = A4 or letter (8.5"x11")
- Small: Paper size = A4 or letter (8.5"x11")

By experimenting with paper sizes, you can print different sized posters on standard paper.

PCs. If you have Acrobat v5 - select File, Print:

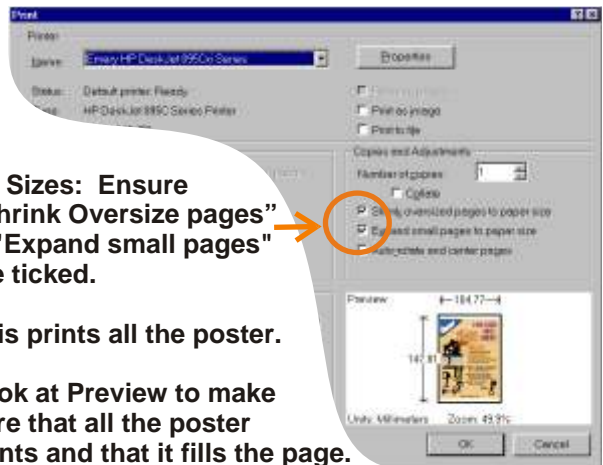

PCs. If you have Acrobat v4 - select File, Print:

All Sizes: Ensure "Print to Fit" is ticked.

This prints all the poster, with no missing edges.

By selecting small sized paper and "Print to Fit", you can print smaller poster on larger paper.

All Sizes: Ensure "Shrink oversized pages" & "Expand small pages" are ticked.

This prints all the poster.

Look at Preview to make sure that all the poster prints and that it fills the page.

By selecting small sized paper and adjusting the above settings, you can print smaller poster on larger paper.
